

Overcoming the Global Pandemic

An invention to **STOP** the spread OF CORONA
and **get back to business**

Imported and Distributed by Polytech Component Pte Ltd

THE GLOBAL PANDEMIC HAS CAUSED

- LOSS OF LIVES
- GLOBAL CRISIS
- ECONOMIC PROBLEMS
- FINANCIAL LOSS
- SOCIO-ECONOMIC PROBLEMS
- PSYCHOLOGICAL IMPACT

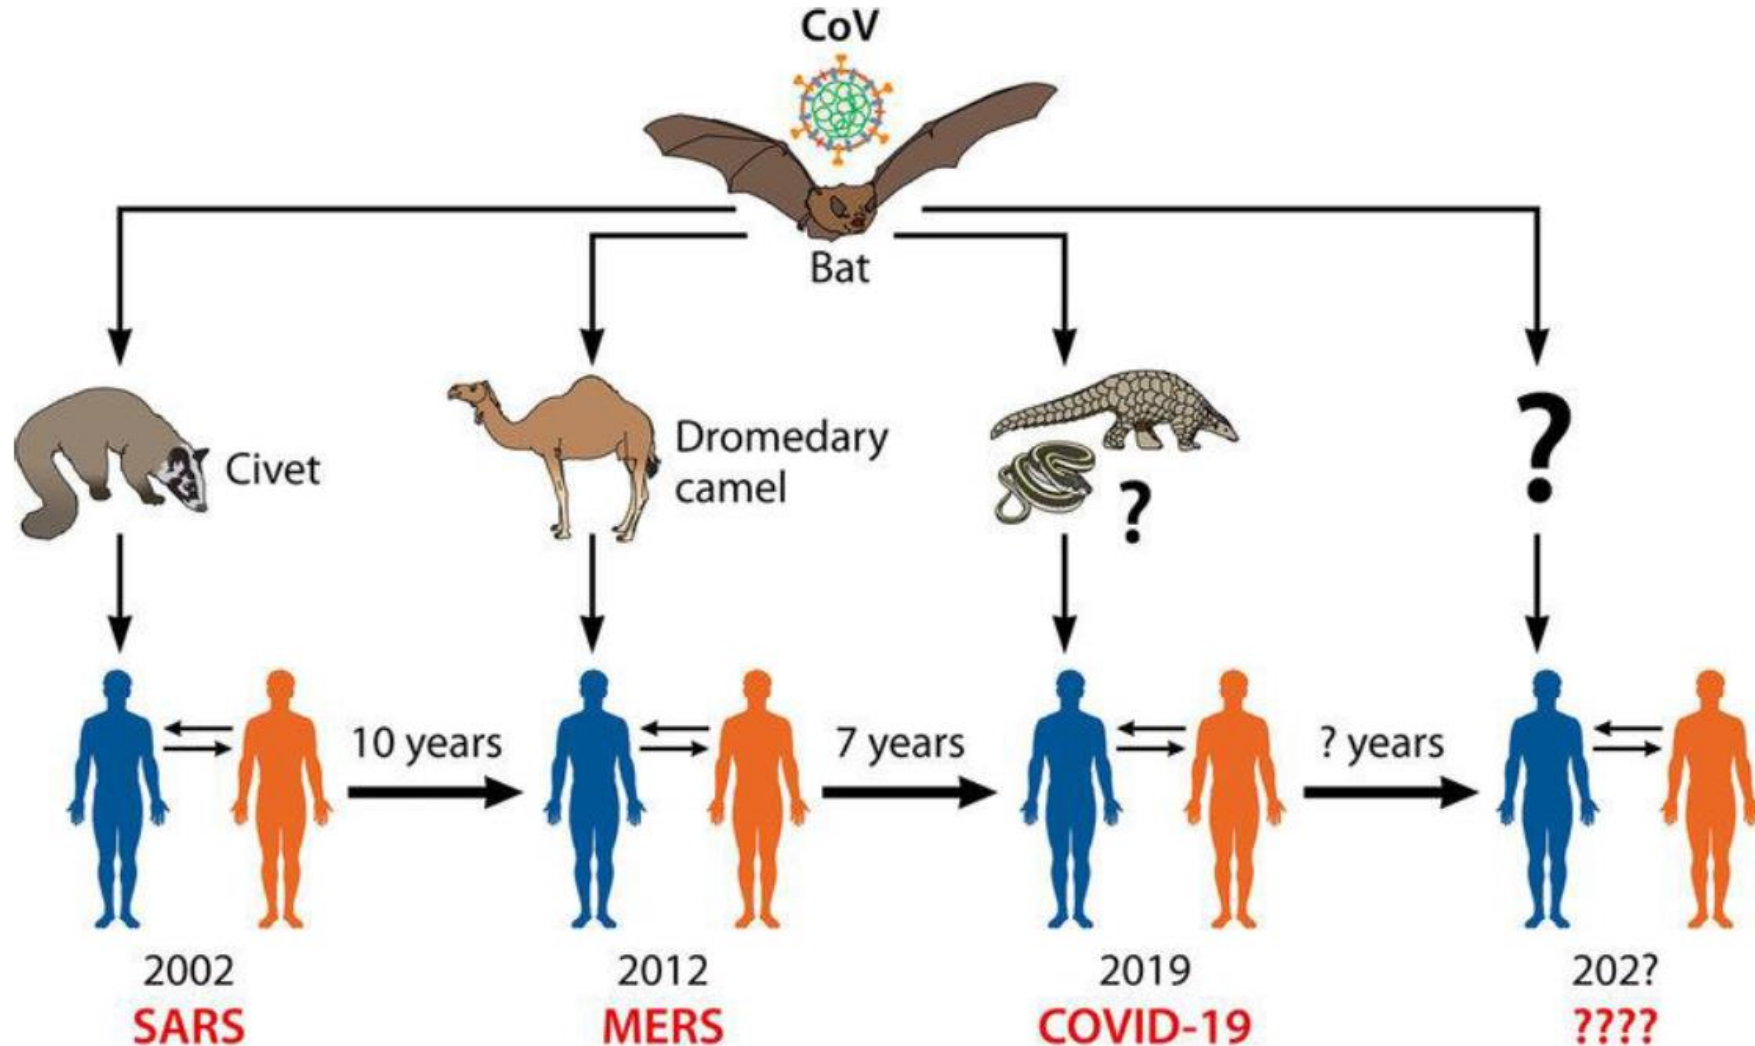

Covid-19 Mortality Rate by Country in Southeast Asia

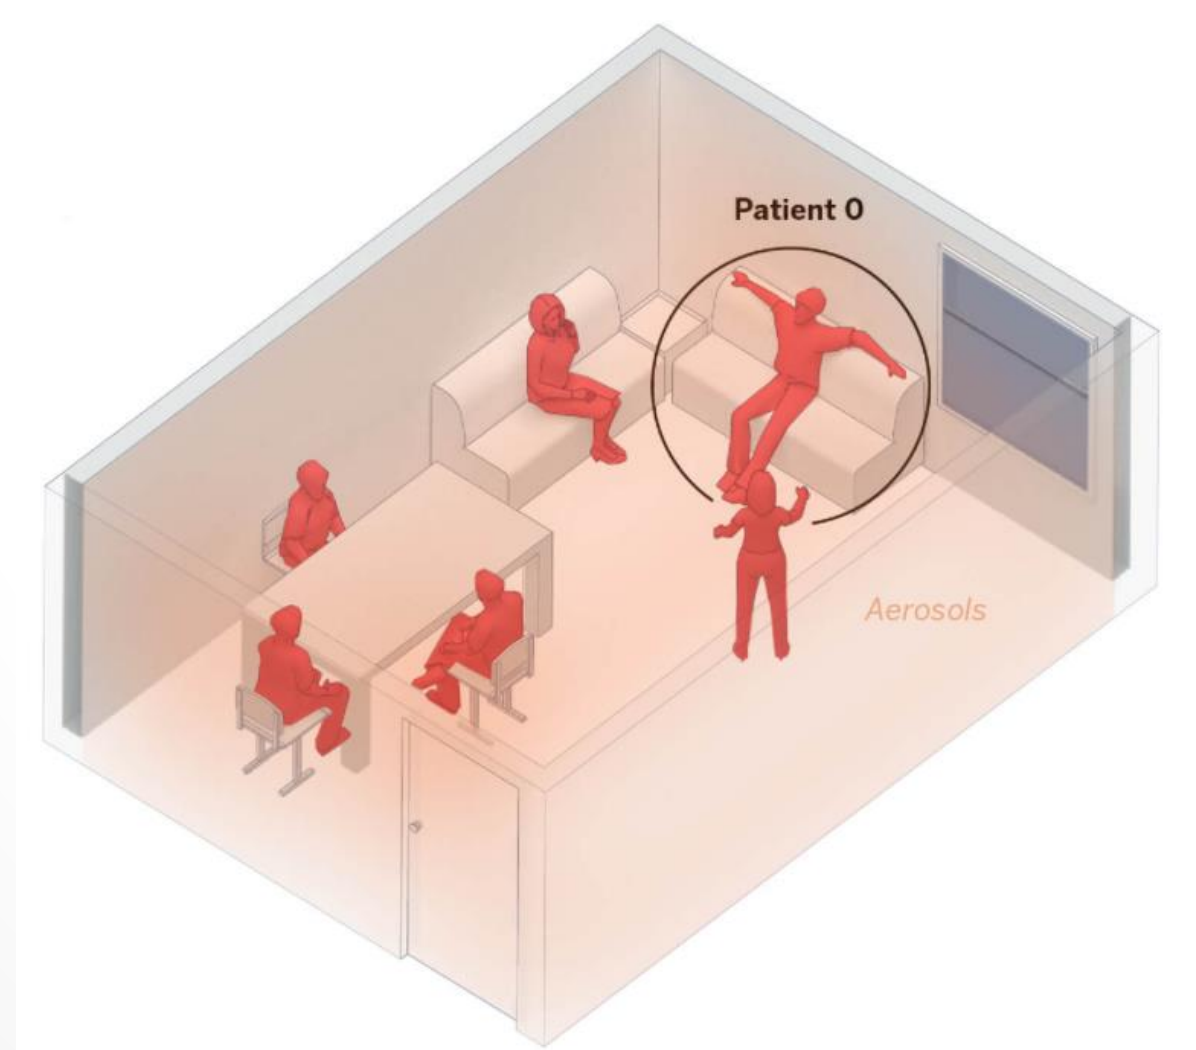

CSIS Southeast Asia Program | Source: Johns Hopkins Un

THE PROGRESSION OF CORONAVIRUS IN THE LAST 18 YEARS INCREASES THE RISK OF A 'NEW' PANDEMIC

VIRAL TRANSMISSION IS HIGHEST IN ENCLOSED SPACES

- Studies say Corona Viruses spreads in Air on Aerosol form.
- Governments have imposed lock down to curb the spread
- Lockdowns affect businesses and livelihoods

SHYCOCAN CAN STOP THE SPREAD OF CORONA

Physical attenuation of coronaviruses in real-time for 24/7 safe deployment

The inventor
Dr. Rajah Vijay Kumar

2021-22 WILL BE THE YEAR OF INNOVATION TO STOP THE SPREAD

HOW DOES IT WORK ?

01

Shycocan disables the negative charge-seeking guidance mechanism of the virus' Spike protein by generating a cloud of 10-100 trillion electrons per second.

02

SHYCOCAN uses Scalene Hypercharge Corona Cannon (or SHYCOCAN) technology to jam the virus transmission mechanism.

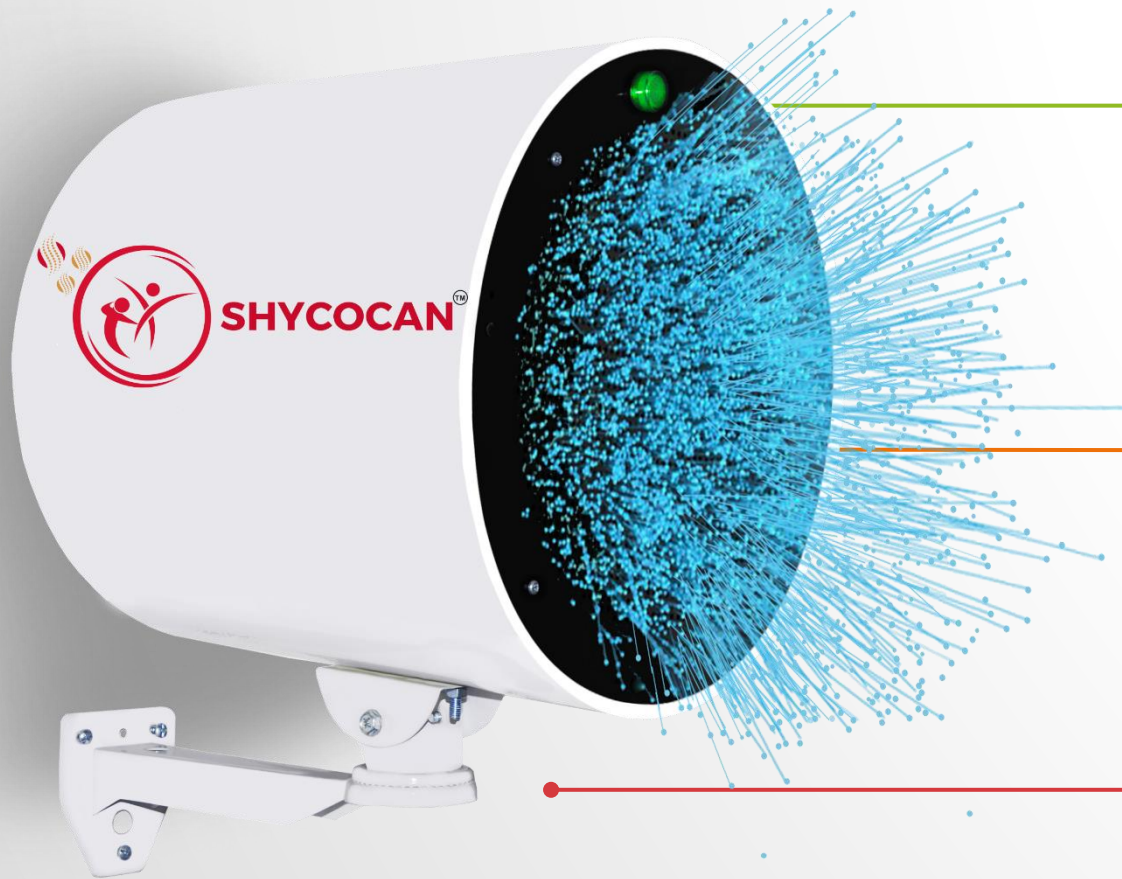

03

SHYCOCAN fills closed spaces up to 100 sqm with photon mediated electrons which jam the virus' homing mechanism thus making the virus cells ineffective.

STOP THE SPREAD OF CORONA

USE SHYCOCAN

1

SHYCOCAN ATTENUATES
99.9 % OF CORONAVIRUS
IN ENCLOSED SPACES

2

SHYCOCAN IS CURRENTLY
MARKET-ENABLED AS PER THE
U.S. FDA'S ENFORCEMENT
DISCRETION GUIDANCE

3

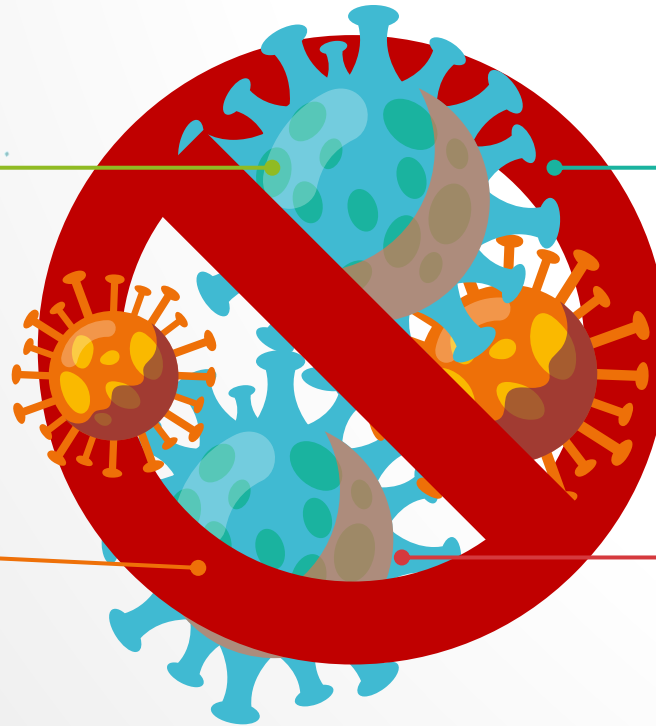

IMPORTED, MARKETED AND DISTRIBUTED
BY POLYTECH COMPONENT PTE LTD.
UNDER LICENSE FROM SCALENE
CYBERNETICS LIMITED, INDIA

ADVANTAGES

A REVOLUTIONARY DEVICE THAT KEEPS YOU AND YOUR LOVED ONES **SAFE FROM CORONAVIRUS.**

This also provides sustained protection against the spread of illnesses like Influenza, Avian Flu, H1N1, Severe Acute Respiratory Syndrome, etc.

PROVEN TO **NEUTRALIZE 99.9% OF CORONA VIRUS** IN THE AIR AND SURFACES IN ENCLOSED SPACES.

Effective against SARS-COV-2 family of viruses

FEATURES

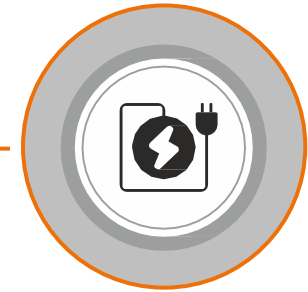

1

Attenuates
99.9% of Corona
Virus in the air

2

Use
Safe to Use

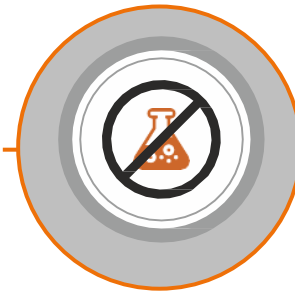

Plug n Play
Can be easily installed

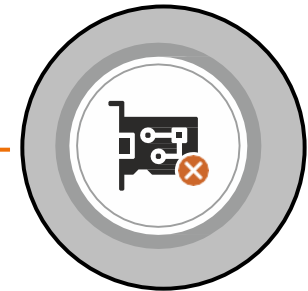

3

No Ozone Generated
Highly recommended by
medical practioners

4

Zero Chemicals
Free from health hazards

No electronic interference
Safe to setup in office
environment

WHERE IT CAN BE USED?

HOTELS

RESTAURANTS

SHOPPING MALLS

SCHOOLS

OFFICES

HOMES

CINEMAS

CHRUCHES

#	Parameter	Values
1.	Regulatory Compliance	<p>Shycocan complies to all applicable International Regulatory Standards relating to Safety, EMI/EMC and Efficacy.</p> <p>2014/30/EU – Electromagnetic Compatibility Directive 2014/30/EU – Low Voltage Directive IEC 60335-1:2010 CORJ-2010; CORJ-2016 IEC 61326-1:2012</p> <p>Ozone Safety Report: Report No. Shy-OZ-05072020, Test No SHY-2306-50-1: Requirements US EPA, FDA, EUA</p>
2.	Virology Test Requirements	<p>Laboratories de Especialidades Immunological S.A de C.V. Report No. 44527 – Vitricidal Activity Concludes 99.9% Virus Elimination dated June 16, 2020</p>
